F.No. XVI/13/02/PC/IMP/2021

Dated, the 20th May, 2025

PUBLIC NOTICE

With reference to this Bureau's Public Notice issued on 02nd September, 2024, it is to intimate that a dedicated tab in the name of **“Non Scheduled Chemicals”** has been made active enabling trade to submit the data online in simplest manner with regard to non-scheduled dual used chemicals falling under the list of **International Special Surveillance List (ISSL)**. The updated ISSL is also uploaded herewith for ready reference.

It is again reiterated that the chemicals under ISSL are internationally monitored for trade and many countries have regulated them under relevant domestic laws and may require confirmation from the competent authority i.e. CBN with regard to their genuine international trade. The voluntary information received through online platform would help in avoiding any hindrance in this genuine business.

The Voluntary Responsible Conduct for sustainable clean business of chemical is need of the hour to thwart the diversion of dual use chemicals for illicit use in manufacturing of drugs. Accordingly, in order to facilitate the trade and formulation of policy in future, **trade is advised to submit the monthly data through online portal “www.cbnonline.gov.in” under “Non Scheduled Chemicals” tab.**
